

## **PLEASE NOTE:**

- **No shooting between 12.00pm and 12.15pm. A controlled line will be between 12.15pm and 1.00pm by a nominated person. Practice will conform to those shooting the programmed FITA's when applicable.**
- **Practice on club days must cease 30 minutes before the start of the programmed shoot so that the ground can be set up in safety. This also allows for awards and announcements to be made.**
- **After the programmed shoot there is no shooting for fifteen minutes. This provides time for equipment to be packed away in safety.**
- **Clout start time is 12.30pm sharp.**
- **Field start time is 1.00pm sharp.**
- **The FITA 900 will be shot if there are unforeseen circumstances. These circumstances can include bad weather, insufficient numbers etc. The decision will be made on the day by the Director of Shooting.**
- **After the programmed shoot there is a requirement that the DoS be shouted a cider and Ron a coke. If no-one volunteers then a random 'first name out of the hat' system will be implemented on the day.**
